

NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me.

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTRENS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Altrens. Women everywhere in Mrs. Altrens' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

BLEACH YOUR DARK SKIN

Have Soft, Fair, Clear, Bright Skin.

GROUND GLASS FOUND IN CANDY

Dastardly Attempt Made on
Lives of Soldiers in
Camp Sevier.

(Special to The News.)

Camp Sevier, Greenville, S. C., Feb. 15.—Candy with ground glass in it has been found here and its discovery has led officials to place a strict embargo prohibiting the sale by vendors in the camp of candy, cakes or anything to be eaten, and all such articles hereafter obtained on the reservation must come through the canteens. The soldiers also have been advised by the respective company commanders to be very careful in consuming candy or other edibles bought anywhere. Only a few pieces of "glazed" chocolate candy were found and, as far as the officials have been able to ascertain, no serious effects have been caused by such foul play, and the source of the candy also remains in the deepest mystery, despite the relentless investigation that is being conducted by authorities. Autopsies over bodies of soldiers who have died recently have not disclosed glass or any other foreign substance in their bodies, and the examining officers are convinced there have been no victims of that cause.

Several skeletonized remains of New England national guardsmen, now stationed at Camp Greene, Charlotte, have been converted into regiments of infantry and placed under command of Brig. Gen. Guy Carleton, and it is understood that they will soon be sent here and expanded as soon as suitable camp sites can be provided for them. It is announced from Washington that Secretary Baker has decided that Camp Greene will be abandoned because of the unsuitability of the ground upon which it is located for training purposes.

Several cases of scarlet fever have developed at Camp Sevier and they have been placed under rigid quarantine. No danger of an outbreak is feared by camp health authorities who explained that it is a disease which children are more susceptible to than adults. The patients who have scarlet fever are in their teens, it was stated.

One death was reported today, that of Ralph T. West, of Company B, 119th Infantry, whose home was in Fayetteville, Tenn. He died of pneumonia.

That part of Greenville's quarantine, indorsed by the camp, prohibiting soldiers from coming to the city, has been lifted and once more the city's gates were opened to the khaki-clad Americans, although only a few availed themselves of the privilege for the city offers but little recreation and amusement in view of the fact that all the theaters, billiard parlors, soldiers' clubrooms and the like, where the soldiers are accustomed to congregating, are still closed tight. Indications are that the quarantine will be lifted next week as only two cases were reported existing in the city.

Charged with using disrespectful language to his company commander and refusing to obey an order of that officer, Private First Class Eugene C. Jeffries, Company K, 118th Infantry, was tried before a general court-martial. He was given a severe sentence, but it was mitigated to one month at hard labor and the soldier is to forfeit one-sixth of his pay for three months.

By order of President Wilson, Private W. H. Grady Moss, drafted from Littleton, Hatfield county, North Carolina, has been discharged from military service, after having failed in a series of attempts to be exempted through the local board of his county.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

Look, Mother! Is tongue
coated, breath hot and
stomach sour?

Harmless "fruit laxative" best
to clean tender liver
and bowels.

Mothers can rest easy, after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile, and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—(Adv.)

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by our druggist for 50c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

M'DONALD NEW HEAD OF NEW YORK NAVY YARD

ADMIRAL J. D. McDONALD
Rear Admiral John D. McDonald has been named by Secretary Daniels to be commandant of the New York navy yard. McDonald was elevated to his present rank only recently. He took the Arizona on her trial trip.

the state boards and the appeal boards of the United States. Private Moss was a farmer, aged 24, and his grounds for release were agricultural.

Plans are being made on a large scale for the observance of "Father and Son" day at Camp Sevier next Sunday, at which time it is hoped by the Army Y. M. C. A. officials here to have Gov. Thomas C. Rye and Gov. Richard J. Manning, of South Carolina, address the boys in the camp. Many visitors are expected here from different parts of North and South Carolina and Tennessee. With only two cases existing, it is announced the meningitis situation in Greenville is by no means alarming and there is no need for the restrictions of visitors, coming or going.

Cold Cause Headache and Grip
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 25c.—(Adv.)

DEPARTMENT OF JUSTICE TO BEAR EXPENSE

Ruling on Prosecution of Boot-
legging and Drug Selling at
Fort Oglethorpe.

(Special to The News.)

Washington, D. C., Feb. 15.—Expenses incident to prosecution of charges against offenders for bootlegging, drug selling and prostitution at Fort Oglethorpe, or other army cantonments, will have to be borne by the department of justice and not by the war department, according to a ruling by the adjutant-general of the army. All offenses contrary to the spirit of the selective service act will be prosecuted with this understanding.

SOLDIER RUNS AMUCK DURING DRILL AT SEVIER

Capt. Hillis Undergoes Opera-
tion—Strange Malady
Affects Soldiers.

(Special to The News.)

Camp Sevier, Greenville, S. C., Feb. 15.—Despondency over disappointment in a love affair is believed by officers to have caused the insanity of Private Lynn, of Nashville, a member of Battery F, 116th Infantry, who broke ranks at a morning drill formation and ran amuck among the soldiers of the company and regimental streets, trying and threatening to kill all with whom he came in contact. The fact that no arms were used at this formation probably prevented a tragedy, is the opinion of officers. However, no one was hurt and Lynn was shortly overpowered and sent to the base hospital and put in a straitjacket. It is not known whether it is a case of permanent or temporary insanity.

Physicians at the base hospital are baffled to determine the exact nature of the illness of First Lieutenant George W. Stribley, Company A, 117th Infantry, who is not expected to live. Lieut. Stribley was sent to the camp hospital several weeks ago with a severe cold and his condition had not improved, but became serious a day or so ago.

Reports from the hospital state that Capt. Hillis, of Chattanooga, who underwent an operation for appendicitis Wednesday, was improving rapidly.

Fracture of the skull sustained in a fall caused the instant death of Edith May Baker, 3-year-old daughter of Private H. E. Baker, and the body was sent to the home in Westport, Tenn. Mrs. Baker, with her daughter, had moved here Sunday to make her home near her husband, who is a member of the 117th Infantry, Camp Sevier.

DRAG-NET SYSTEM ADOPTED TO CATCH MEXICAN BAND

Mexico City, Feb. 8.—(Correspondence of the Associated Press).—The drag-net system has been adopted by the police of the capital to capture a daring band of jewel robbers, thus far without success. Recently, on two succeeding days, down town jewelry stores were entered by a band of six masked men in broad daylight. The loot secured in the first raid amounted to 50,000 pesos, in the second to a much smaller sum. After a vain search for clues, the police went through a part of the city known as "Colonía de la Bolsa" and brought a large and varied assortment of Mexican "Apaches" to headquarters, where they were viewed by the robbery victims. None of the prisoners, however, was identified as a member of the band.

ANNEXATION OF ISLANDS, SWEDEN'S CHIEF TOPIC

Stockholm, Jan. 20.—(Correspondence of the Associated Press).—Proposals for the annexation of the Aland islands to Sweden continue a topic of discussion in political circles here. Councils of moderation seem to have the upper hand, and even the pro-German newspapers generally insist that the Alands cannot be occupied without the preliminary assent of Finland—"though it would be inconsistent," says the Dagblad, "for the Finns to refuse this if the islanders expressed a wish for reunion with Sweden."

It appears, however, that steps in this direction by Sweden would not be welcomed in Finland, and that even the Swedish section of the population of Finland oppose the cession of the islands.

Roller skating tonight and every night, Warner park.—(Adv.)

INDORSES SHIPYARD VOLUNTEER MOVEMENT

Senator Shields Wires Approval
of Proclamation Recently
Issued by Gov. Rye.

(Special to The News.)

Nashville, Feb. 15.—Senator John K. Shields wired Sam L. King, head of the movement for recruiting shipbuilders for Tennessee, as follows yesterday:

"I have read the proclamation of Gov. Tom C. Rye and yourself regarding the shipyard volunteer reserve and commend as strongly as possible your efficient and patriotic efforts to aid the federal government in this most important matter. Congress has appropriated many million dollars for the construction of navy yards and ships and after some regrettable delay has the work well in hand with splendid prospects of immediate and successful results. The greatest necessity is skilled labor and I join with you in appealing to the loyalty and patriotism of the artisans and mechanics of Tennessee to register and thus express their willingness to come to the aid of their country in the present great emergency. I do not doubt that there will be a prompt and liberal response to the call you have made. We have need of many ships for the transportation of our armies and to furnish them and our allies with supplies of all kinds. Their prompt construction is a vital necessity to the success of our armies, the perpetuity of our institutions and the maintenance of our independence as a nation."

PORTABLE HOUSES IN FRANCE SHELTER WORKERS

Over 500 of These Erected by English-American Friends.

Paris, Jan. 31.—(Correspondence of the Associated Press).—Portable houses erected in France by the English and American Friends, working in conjunction with the American Red Cross, now number 501. These shelter 1756 persons. Some of the American Friends are threshing in the country barns about Sermaze. Several men are at work erecting tractors and plows recently arrived from America. Goals for the peasants of the invaded regions are being imported from the Pyrenees mountains.

LIVERPOOL ROTARY CLUB INTERESTED IN SAMMIES

Liverpool, Jan. 31.—(Correspondence of the Associated Press).—The Liverpool Rotary club has started a scheme for the opening up of British homes to American soldiers fighting in

France, when they get a brief respite from the trenches. Several homes have already announced their willingness to accept one or two men and it is proposed to send particulars of the scheme to all British and Irish clubs, inviting their co-operation.

APPORTION TEA BY BALLOT TO PREVENT HIGHER PRICE

London, Jan. 31.—(Correspondence of the Associated Press).—To prevent forcing up prices of tea at Mincing Lane, arrangements are being made for the apportionment among wholesale firms of all tea by means of a ballot.
